

Testimonials

I've been working with Mark and Pentad Creative for over 16 years. From a small public relations firm to a growing construction supply company, Pentad has played an integral role in our continued success.

Rudy Burwell, President, Encompass Supply

I chose Pentad Creative to develop marketing ads for my business, and I am glad I did. Not only were the ads professional and visually appealing, but they generated multiple new leads for my financial services business. I am thrilled!

Wendy Weant

Mark and Suzanne are two of the most creative and fun people I know. I am constantly amazed by their talent. I've used them for my own business and referred them to many others. They know how to grab — and keep — an audience's attention. I highly recommend them.

Paula Bohland, Master Business Coach

I cannot say enough about Pentad; I credit them with the huge increase in our foot and on line traffic. The campaign they created appealed greatly to our target audience and we've received many compliments. Most importantly, our sales have skyrocketed to an astounding 300% since we started working with them.

Jenks Youngblood, Owner, Sanford Antique Mall

Pentad has been handling my marketing since my company's inception over 25 years ago. They never fail to provide the best creative solutions to whatever I need. From promoting international retreats, website, newsletters, publication ads, and my new book, they have consistently exceeded my design expectations and helped my business to grow exponentially.
